# EFFICIENT

” CosmeticBusiness is an excellent opportunity for us to meet lots of suppliers that we have been working with for years. [...] There is clearly a sense that more and more companies, especially more contract manufacturers than even just a few years ago, are making use of Cosmetic Business. Unfortunately, we were a little short of time to get into discussions with new suppliers. So we are thinking of making use of both days of the show next time.“

Sibylle Breuning

Head of Purchasing, WALA Heilmittel GmbH

# INNOVATION

## SPOTLIGHT

„ I have been coming to CosmeticBusiness for several years now. [...] I liked the specialist lectures tremendously; they always offer great topics and, above all, some very exciting speakers. I think it is really excellent that they don't only come from the cosmetics sector and so also provide input which goes beyond the confines of one's own work. I am definitely coming back to Munich next year. “

**Dr. Marie-Louise Jung**

Head of Marketing Professional Beauty, Dr. Grandel GmbH
