

A COMPELLING CONCEPT

„I am very pleased with my visit to CosmeticBusiness 2017. It is a compact fair where I can find all the important suppliers very close to each other. For the first time, I also attended lectures on the conference programme, which were very interesting and informative. They tackled global themes, such as digitalisation, with the cosmetics sector specifically in mind.“

Janine Kops
 Head of Internal Sales & Marketing,
 Maxim Markenprodukte GmbH & Co. KG

„I have been visiting CosmeticBusiness for several years now and it has become very well established. During the fair, I have exchanges with my suppliers in the fields of contract manufacturing and packaging, and there's a large selection of them here. We are already working with many of these suppliers, but every time I also make new contacts. I am very happy with the way that CosmeticBusiness has gone.“

Diana Dormann
 Head of Purchasing,
 Wilde Cosmetics GmbH

A PERFECT SETTING

As in the past, you can look forward to gaining valuable insider knowledge at CosmeticBusiness 2018 in Munich. CosmeticBusiness spotlights the latest trends, market developments and legal regulations and presents interesting marketing concepts. Also proven and popular is the special show SPOTLIGHT, which offers concentrated insights into innovative developments and new products to be seen at CosmeticBusiness.

New in 2018 is the DISTRIBUTORS' LOUNGE where representatives of international brands will be able to meet suitable sales partners for the German-speaking countries.
