Intensilk™

Dermohacking cellulite through circular bio-energy

- A groundbreaking longevity-driven approach to body sculpting that is visibly effective against cellulite bumps, firmness and skin texture for a smoother, tightened and healthier sculpture.
- A multi-omic active delivering an intensive cellulite treatment with a comprehensive remodeling action on both adipocyte metabolism and tissue architecture.
- A botanical premium solution coming from locally sourced apple flower.

Unlocking caloric restriction in adipocytes for a new era in anti-cellulite.

BOTANICAL ENERGY

“What was once the blossom from local apple supplier, becomes the key to unlocking the body’s own stored resources” - Circular Bio-Energy.

CLINICALLY SIGNIFICANT BENEFITS:

- Reduced "orange peel" appearance, dimpling and volume on thighs
- Increased firmness, elasticity & hydration
- Visibly more toned and refined skin texture
- Enhanced anti-cellulite efficacy vs placebo when using a roller

MOLECULE

Standardized in Phlorizin (polyphenols)
